

Wanneroo Road Widening

Joondalup Drive to Flynn Drive

Notice to residents

Proposed temporary road closure – Wanneroo Road / Carramar Road intersection

The Metropolitan Road Improvement Alliance, on behalf of Main Roads WA, is delivering the **Wanneroo Road Widening, Joondalup Drive to Flynn Drive**, project in your area as part of a \$2.3 billion package of road and rail infrastructure projects funded by the Australian (\$1.6 billion) and State (\$750 million) Governments.

The project will see the 3.2 km section of Wanneroo Road between Joondalup Drive and Flynn Drive upgraded from one to two lanes in each direction to alleviate congestion and enhance road safety. Construction is scheduled to be complete in late 2018.

The existing Carramar Road and Golf Links Drive intersections with Wanneroo Road will be upgraded to tie-in with new dual-carriageway on Wanneroo Road, remaining uncontrolled, full-access intersections.

To enable construction at the both intersections to be completed as quickly as possible and lessen the duration of construction impacts for local residents and road users, the Alliance is proposing to temporarily close each intersection, starting with Carramar Road.

Proposed temporary closure of Carramar Road intersection with Wanneroo Road from early March to early April 2018

To enable construction of the intersection upgrade, it is proposed that the intersection of Wanneroo Road and Carramar Road is closed to traffic from early March to early April 2018. Road users will be notified of the dates for the road closure through signage at the intersection, following opportunity for community comment and City of Wanneroo approval.

Plans showing the proposed extent of the temporary road closure and associated traffic diversions are shown overleaf.

The road closure and associated traffic diversions would remain in place all day and night for the duration of the work period.

Construction work hours are from 7am to 7pm Monday to Saturday. Some night work may be required for activities such as kerbing, sealing of the road and temporary line marking, and neighbouring residents will be notified separately in advance.

Full access to all properties on Carramar Road will be provided under traffic management.
